# Course map: Module 2

Diagram illustrating how the course is organized, with the 4 course modules mapped to the 3 stages of development of an online course.

Stages of Online Course Development	Course Modules
Conceive and Plan	1. Create your quality online course blueprint
Design and Develop	2. Quality activities and assessments
	3. Quality course structure and content
Deliver and Revise	4. Quality facilitation and improvement

Module 2 is part of the Design and Develop stage.
